

February 4, 2026

Water.org recognizes the efforts of XD Connects to implement a fundraising initiative to support our programs – donating 2% of proceeds from each product sold with AWARE™ tracer and from the Avira and Iqoniq collections. We are the beneficiary of this initiative and the recipient of funds.

Water.org certifies that XD Connects is a current partner and has donated within the last 12 months.

Donations are used to support our international programs to help provide access to safe water and sanitation to people living in poverty. At Water.org we work to connect people in need with access to small, affordable loans for water and sanitation solutions at home – unlocking education, economic opportunity, and improved health.

To date, we have changed the lives of more than 85 million people worldwide with access to safe water or sanitation. We appreciate the financial support of brands like XD Connects.

Sincerely,
